

# 2011 Statement of Interest Workshops

## How to Build a Winning Application

The workshops will provide prospective applicants with key information and practical guidance to prepare a quality Statement of Interest submission. The session will enable prospective applicants to assess the potential fit of their technology with SDTC's SD Tech Fund™, and to gain an understanding of the application process and key evaluation criteria. Statements of Interest will be accepted from August 31 to October 19, 2011

### Who should attend?

- Clean technology developers / entrepreneurs
- Researchers at the pre-commercial stage past the prototype
- Potential end-user / customer
- Universities with IP Innovation to commercialization
- Accelerators and Incubators
- Strategic supplier/consultants
- Investors
